Subject: My problem with my owners

Dear Olivia,

My name is Blubby Bishop. I'm a fish and I live in a tank.

My owners are Bob and Lisa. They are very nice to me because they have put cards from foreign countries around my tank, so I think I travel the world when I swim around.

The problem is they don't like to clean my tank so they rarely do it. So it is usually dirty and it's difficult to find my food. What can I do?

Best wishes,

Blubby

Subject: My problem with cat Sui

Dear Olivia,

Thank you for your great letter. Nice to hear from you. I have a big problem with Sui, our new cat. I'm THE CAT in our house, the big boss, the male cat. She is a beast. When I want to sleep, she always tickles me, so I can't sleep. When we eat, she eats my food too. I don't know what to do. It's horrible. Please, do you have an idea what I can do? Please help me.

Yours,

Brendan the male cat

Subject: I hate the cats

Dear Olivia,

I'm Briggs the budgie and I have got a big problem. I live in a small cage. I hate that! I'm a bird. Love to fly! My owner is an old lady. She has got many cats. I HATE cats. They sit in front of my cage and want to eat me. They look at me with their big yellow eyes and sharp white teeth. I would really like to fly high but I love my life too. That's why I am still sitting here dreaming about the big world.

XOXO,

Briggs the budgie
